*For each Person of Interest warranting an investigation, provide a response for each category and **source it**. Please use the cut and paste approach wherever possible to reduce data input redundancies. These profiles will act as a trigger to notify other members of the team as to current targeting / focus. These profiles will also act as surveillance briefing documents and threat assessments for enforcement action, TRU, ERT briefings etc., so the inclusion of photographs of POI, vehicle and residence mapping are required (where available).*
